THE WAR MEM...

SHOULD EXEMPLIFY PRINCIPLES OF LIBERTY AND DEMOCRACY

OBJECT OF THE BUILDING

Suggestions to Communities Planning Memorials Is Reprinted From The American City.

With Mayor Garrett having initiated action regarding the proposed memorial for Nodaway county soldiers and sailors by asking the formation of a central committee to take up and devise plans for its erection, and with the people having expressed themselves in favor of a community building, or as it has been termed by some, a "Y hut," the Democrat-Forum reprints from The American City the following "Suggestions to Communities Planning Memorials to Heroes of the Great War"

"More than any other war of history, this one has been fought for a principle—for liberty and the safety of democracy. Principles may be depicted in stone or pictured on canvass but such representations, however beautiful or symbolical, will not have life. A principle can live only in the lives of men, and if it is our purpose to perpetuate the cause for which the great war was fought, we must constantly reiterate and teach the principles of liberty and democracy to each succeeding generation.

"This suggests that a memorial worthy of the recent conflict be dynamic; it must be a building that shall honor the dead by immortaling the principles for which they made the supreme sacrifice; it must be a building commemorating the service of the living by giving service, rather than a statue or s... in which there could not pulse the blood of a new day.

Object of the Building.

The building would serve two main purposes: (1) as a memorial to the heroic dead, and to all from the local community who joined the colors during the war. (2) as a community center to afford headquarters and a meeting place for such community agencies as: Chamber of Commerce, Red Cross, War Veteran's Association, Patriotic and Defense societies, Playground and Recreation associations; Fraternal organizations; Farm Bureau, County Grange, oRtary Club, Civic organizations, Women's clubs, Boy Scouts, Boys' and Girls' clubs, literary societies, Musical societies, Study clubs.

Design.

The building should be architecturally beautiful, featuring the best building material of the locality, the style to be impressive, but not over ornate. The size and cost of the building, the equipment which it will contain and the service which it will perform, will depend on local needs and on local spirit. In every community some of the following facilities and equipment should be embraced in the plan:

"Offices and committee rooms

M.H.S.-BENTON GAME TONIGHT

Will Play on Normal Court—Bearcats Scheduled for Game Next Tuesday With the Unbeaten Jewells.

With the M. H. S. basketball team scheduled for a game here tonight with the Benton Highs of St. Joseph, Coach Zeigler's men are expecting their hardest game of the season—but they're ready. The game will be played on the Normal court and will be called at eight o'clock. The line up will include De Armond and Cook, forwards; French center; Foreman and Kirby, guards.

Next Tuesday night the Normal Bearcats are also scheduled for a stiff game on the local courts when the William Jewell five, undefeated this season, will undertake to keep their slate clean. The Jewells have a game at home tonight with the Springfield five and the fans are awaiting the outcome with much interest.

32ND IN EDUCATION

MISSOURI'S RURAL SCHOOLS ARE NEAR BOTTOM OF LIST

PUPILS ARE FAR BEHIND

Prof. Elliff, of State University, in an Address at Farmer's Week Meeting Shows Remedy for Situation

The country school is our biggest problem, said Professor J. D. Elliff, Director of Vocational Education in an address before the Missouri Country Life Conference section of the Farmers' Week Short Course at Columbia Missouri, last week. He presented data from the Missouri Rural School Survey, made by the State Department of Public Instruction and the State Teachers' Association, showing that, although the country schools of Missouri train approximately half the boys and girls of the state, they do not fit them for country life, they do not deal with country problems, they face the child away from the farm, they have been neglected, and they have made little progress.

According to the facts shown by this survey as presented by Professor Elliff, Missouri ranks among the states of the Union as follows:

Seventh in wealth;
Fifth in agriculture;
Second in mules;
Third in hogs and corn;
First in poultry;
First in purebred stock;
First in lead and zinc;

But **Thirty-second in Education.**

The following facts were presented: In amounts of school property per child in the state, Missouri ranks 25th. In amount spent per capita she ranks 30th. In amount spent per child 30th. In amount spent per child wealth 27th. In salaries paid to teachers 23rd. In salaries paid to county superintendents 43rd. In days of school per year 29th. In number of pupils in high schools 30th.

Mr. Elliff presented figures from the Missouri school survey which show that the county schools have an annual expenditure of $5,000,000, while the annual expenditure in the city schools is $15,000,000 for practically the same number of children. The average annual expenditure per child in the country is $13; in the city it is $40.

As a result of these conditions it is shown by the survey that the country pupil is behind the city pupil; in reading 1 to 2 years; in writing 3 to 4 years; and only one-third as many finish the eighth grade in the country as in the city.

As a way out of the bad situation in which the country schools are shown to be by the Missouri survey, Mr. Elliff advocated a larger unit than the present country district for the administration of rural education, a county board of education composed of five or seven leading citizens of the county, and the removal of the constitutional limitations which prohibit the people of the country from spending as much money on the education of their children as the people in the cities are permitted to spend on their children, provided the people in the country desire to do so.

A NEW COURT HOUSE

JUDGE DAWSON DECLARES PRESENT BUILDING OUT OF DATE.

IS BADLY OUT OF REPAIR

Richest County in the State Ought to Afford Modern Building and Jail Is Opinion of Jurist.

A jury in a criminal case in circuit court this morning had been given a recess for an hour and court had adjourned until eleven o'clock. Judge John M. Dawson stood in the center of the court room, his hands clasped behind his back, his gaze wandering from one side ow the room to the other and from floor to ceiling. "Nodaway county needs a new court house mighty bad," he declared as several gathered around inquiringly.

"This old building is getting badly out of date," continued Judge Dawson as he surveyed the court room with its old fashioned benches and inadequate lighting and ventilating facilities. "This is the richest county in the state and we ought to have a new court house—we ought to spend $150,000 for a modern building."

About $200,000, I should say," said Richard Kuchs, " we ought to have a good one."

"This was a fine building and served our needs well when it was built thirty or forty years ago," said Judge Dawson "but it is not adequate now and besides it is getting badly out of repair. I would like to see a modern building and jail combined. The old jail is about ready to fall down."

Modern facilities are sadly lacking in the present building, especially so in the circuit court room and second floor offices. Poor accustic properties of the court room make the hearing of witnesses and speakers doubly hard while poor lighting and ventilating arrangement are also drawbacks.

MAY USE THE DRAFT BOARDS

Discharge of Returned Troops Thru Agency to Be Reconsidered.

New York, Jan. 31.—A plan to demobilize soldiers returned from France through local draft boards instead of discharging them direct from camps, is being considered by the War department, according to Police Commissioner Enright, who has made public details of interviews which he had last Monday at Washington with Secretary of War Baker and Provost Marshal General Crowder.

FOR 37 HOGS, $30,266

Poland China Sows Brought Average of $818, a World's Record.

The world's record price for pure bred Poland China hogs was broken yesterday at the stock yards when L. H. Glover, Grandview, Mo., sold thirty-seven sows for an average of $818, totaling $30,266. The price was $7 higher than the former record, established last week when William E. Grain of Algona, Ia., sold forty-two head.

One of the hogs, christened Mary Pickford, was sold to Sol Leonard of St. Joseph, Mo., for $1,950. Another, called Anita Stewart was sold to Harry Blackburn of Henry, Ill., for $1,000.

SEND OUT ALLOTMENT CHECKS

Payments to Soldier Dependents For November and December Completed.

Washington, Ja. 31.—All allotment and allowance checks due in January, covering December and completing November allotments, had been mailed today by the war risk insurance bureau, it was announced by Director Lindsley.

In January 2 million checks for a total of $52,190,000 were distributed. More than forty thousand applications for soldiers' or sailors' insurance aggregating 356 million dollars were received by the bureau in January.

Trades for Kansas Farm.

J. J. Heifner of Maryville, has traded his Nodaway county farm to Anton Cibolki of Kanass City, for a 320-acre farm in Kansas and a monetary consideration of $2,400. Mr. Heifner says, if possible, he is going to plant the half section to wheat. The deal was made through the Hugh Strong Real Estate agency.

DRAINAGE PLANS UNDER WAY

Barnard District Land Owners Have Agreed to Form Company to Promote the Project.

The drainage plans that were talked about so much three years ago during the high waters, have finally come to a head, says the Barnard Bulletin, and will be submitted to the circuit court in Savannah probably next month. More than enough of the land owners have agreed to form a company for promoting the ditch and it is thought that organization will be made shortly after the case has been in court.

Such a ditch, which will probably start just west of Barnard and go south nearly to Rosendale will be a great thing for the bottom lands which are not regularly productive, especially during wet seasons.

A preliminary survey of the district through which the ditch will probably run has been made and blue prints are expected to be ready within a short time.

ASK RAILROADS FEDERALIZED

Representative of Security Holders Urges Plan Before Senate Interstate Commerce Committee.

Washington, Jan. 31.—Complete federalization of railroads with profit sharing plans for all employees, the limitation of earnings and adoption of many of the features that have been developed during the time the railroads have been operated by the government during the war, was advocated today by S. Davis Warfield of Baltimore, before the senate committee on interstate commerce.

Mr. Warfield appeared before the committee as president of the national association of owners of railroad securities which he said represents nearly six billion dollars of the seventeen billion dollars of railroad securities and through the investment of insurance money in railroad securities, a total of some thirty thousand persons.

HOME WILL LOOK GOOD

Elmer Dick Writes He Does Not Know When He Will Be Returned to U. S.

In a letter to home folks written Jan 4 from France, Elmer Dick, with the A. E. F., says: This is the beginning of a new year and I hope I do not have to pass another new year's in this country for it is sure some place to rain. I haven't seen a day I believe in three months that it did not rain. It is not very cold, but I had rather have it colder than so much wet. It has been quite a while since I had any letters but will keep writing and maybe they will all come at once. I guess the boys in the States are all back from the camps by now, but I cannot tell when we will be back. Tell dad I used to think I had a hard time at home but I have learned through my own experience that there is no place like home and that I will know how to appreciate it when I get back."

WOULD LOWER LEVY

TAX ASSESSMENTS WOULD DROP IF BILL IN HOUSE PASSES

THE EFFECT WIDESPREAD

Limits Budgets to "Safe and Economical Administration."—Other Bills Before the Legislature.

Jefferson City, Jan. 31.—Measures to reduce state, county, municipal and school tax levies of the state were introduced in the house. The state tax commission prepared the bills, and their purpose, according to Cornelius Roach, chairman of the commission, is to make it possible for the state board of equalization to approve the full assessment of property with the assurance that the state, counties, municipalities and school districts will not obtain more money than is required for a sane and economical administration of their affairs.

The senate today adopted a joint resolution asking congress to pass a law allowing soldiers discharged from overseas service to retain their uniforms and granting privates additional pay for six months at the time of their discharge.

A memorial introduced by Senator McCullough, Knox county, asking Missouri congressmen to support the bill now under consideration appropriating federal funds to aid states in building good roads, was adopted in the senate. Missouri's allotment under the bill would be $7,000,000, Senator McCullough said, which, added to roads funds available under the old road law, would give the state $9,000,000 from the federal government in the next thirty months.

A bill introduced by Senator Bowler of Vernon county would prevent the freezing out of minority stockholders in corporations by majority stockholders, according to Judge Farrington of the Springfield court of appeals, who drew the measure.

Under its provisions the following violations would become misdemeanors, punishable by a minimum penalty of six months in jail and forfeiture of eligibility to further activity as corporation officials; refusal to declare dividends on stock; purchase of stock for less than book value; voting to retain the earnings of profits of the corporation.

In a resolution introduced by Representative Morgan of Putnam county and adopted unanimously, Missouri congressmen were urged to support the proposed federal appropriation of $50,000,000 to be apportioned to the states for good roads work.

FIRE AT NAVY AIR STATION.

ROY DAVID HEARD FROM

Sister Received Word Today From Brother Unheard of Since Oct. 12.

Mrs. S. T. Gile received a letter today from her brother, Sergeant Roy David with the American army in France, which was the first message the relatives in the States had received since October 12, last.

Sergeant David writes that he is well and everything is O. K. When last heard from in October, he was in a hospital in England recovering from wounds received in action. This letter received today was written in France December 22. A brother of Sergeant David, Ray, was killed in battle in France September 27.

The Red Cross had been solicited to hunt up Sergeant David as the relatives were very uneasy over not hearing. Letters written by the young man had evidently failed to reach the home folks.

HAWK PLEAD GUILTY

TRIAL STOPS WHEN DEFENDANT CHANGED PLEA

PAID FINE AND COSTS

Grand Jury Still in Session, But Expected to Adjourn This Evening. Other Court Cases.

Henry Hawk pleaded guilty to the charge of petit larcency in circuit court this afternoon and was given a fine of $100. Hawk was charged with stealing some harness from the Caldwells at Burlington Junction in October, 1916. The county authorities secured trace of the harness in St. Joseph and information against Hawk was issued last March.

The jury had been selected to try this case when on recommendation of the prosecuting witness with consent of the prosecuting attorney, Hawk was permitted to plead guilty to petit larcency.

Hawk paid the fine and costs in the case which amounted to $207.

The petit jury was excused until Monday as no cases are for trial tomorrow as the Hawk case had been expected to take the greater part of that day.

The grand jury was still in session today but it was thought that it would adjourn late this evening. The jurors will visit the county jail before adjourning.

A hung jury resulted in the trial of Frank Middleton, charged with violation of the local option laws. Middleton was indicted by the grand jury, Rex Colwell of Burlington Junction being the prosecuting witness.

Wm. Jacob Wagner, a farmer living near Wilcox, indicted by the grand jury, charged with incest, appeared before the court this morning and pleaded not guilty. Wagner declared he was without funds to employ an attorney in his own behalf and Judge Dawson appointed Ellis Cook and Wm. G. Sawyers as his counsel. Trial of the case will be held next week.

"In small towns and villages where there is no adequate town hall it may prove desirable that the building should include headquarters for the local government, and perhaps in some cases, for the local fire department.

Use of the Building.

"The building should be open to the whole community. It should be dedicated to community fellowship and unity, so greatly advanced by this war. Every non-sectarian and non-partisan movement to promote community progress, welfare and happiness should find sanctuary within its doors.

"The meeting of the various organizations mentioned above, lyceum courses, night schools, motion picture entertainments, musicales, debates, etc should keep the building constantly in use.

Raising the Money.

"The entire cost of the building and equipment should be raised by popular subscription in a campaign conducted along the lines of a Red Cross or United War Work drive. To exact the funds by taxation would rob the building of its true nature as a thank offering. In some cities a public spirited citizen can be found who will donate a suitable site for the building. The building should be erected without encumbrances on either building or site. Liberty Bonds should be accepted at par from all who wish to make payments in that form. In some cases it will be possible to secure large gifts from relatives of men who have given their lives in the war. Such a gift could, if desired, be used to provide a gymnasium, or a library, or some other special feature for which funds would not be available, and which might bear the name of the donor.

"Lodges, or societies which are to have rooms in the building might be invited to provide the furnishings for such rooms at their own expense."

(The remainder of the article which includes maintenance, title and control, the campaign, and other details, will appear in tomorrow's Democrat-Forum.)

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

FRANCE'S SONS WIN UNDYING GLORY

No other nation has spilled its blood more freely that democracy might live than has France. Her sons have sacrificed more of blood and of treasure than those of any other nation. The world owes France a debt of gratitude not only for this, but for a perfect remedy for stomach, liver and intestinal disorders which, it is said, has saved thousands of lives the world over. The ingredients are imported and placed on sale in America under the name of Mayr's Wonderful Remedy by Geo. H. Mayr, for years a leading Chicago chemist. It is a simple, harmless preparation that removes the catarrhal mucous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Maryville Drug Co., and druggists everywhere.—Adv.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

THE ECONOMY BAKING POWDER CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the *most* economical leavening agent. It saves in *more* ways—and makes *more important* savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of *other* articles. Costs but little more than cheap powders—far more *valuable* in quality.

You save when you use it. Possesses *twice* the ordinary raising force—you use only *half* as much as is ordinarily required.

You save materials it is used with. Calumet *never* fails with any kind of recipe or with any kind of flour—*always* produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. It produces light, sweet, wholesome, flaky bakings. You'll notice with some of the cheaper brands the bakings are soggy, heavy, dark in color and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plant.

Best by test. A trial *proves* it.

Now for the Ground Hog.

Next Sunday, February 2, is ground hog day, and according to the old timers this pesky animal will prognosticate the brand of weather we are to have for the next six weeks. If Brer Groundhog sees his shadow — good night! Forty-two days more of winter. If the sun remains hidden, the ground hog will come from his den and start the spring off in high gear.

That's the way it has been told — but like other signs, it has had its day. —Burlington Junction Post.

PHONES—OFFICE 42. HOME 683

St. Mary's to Have Social.

The young ladies of St. Mary's Catholic church will give a social Tuesday night at 8:30 o'clock in the church parlors. There will be games and refreshments and every one is invited.

Ballenger-Miller.

The marriage of Miss Mae Ballinger, the daughter of Mr. and Mrs. S. P. Ballenger of Burlington Junction, and **Mr. Fred Boyer Miller** took place Thursday afternoon, Jan. 23, at the home of the Rev. C. Emerson Miller, pastor of the First Christian church in this city who performed the ceremony. The groom is the son of Mr. and Mrs. Wes Miller living south of Burlington Junction and has recently been discharged from military duty at Camp Jackson S. C. The newly weds will be at home on a farm near Burlington Junction.

Cravens Given Surprise Party.

Mr. and Mrs. Robinson Craven were given a pleasant surprise party last night by a number of their old friends who spent the evening at the Craven home. The time was spent in playing forty-two and refreshments which the guests had brought with them, were served. Mrs. Craven has been shut in the house a great deal of the time this winter nursing a bad case of blood poisoning in her hand and the evening was especially for her pleasure. The company included Mr. and Mrs. O. L. Holmes Mr. and Mrs. James Eckles, Mr. and Mrs. J. F. Cook, Mr. and Mrs. O. W. Swinford, Mr. and Mrs. R. A. Strawbridge, Mr. and Mrs. R. H. Duncan, and Mrs. Anna Stauble.

New Officers Assume Positions.

The Rebekah lodge held its installation of officers last night and the ceremony was followed by a social period and luncheon. The newly chosen officers who assumed their duties last night are Miss Nellie Trullinger, noble grand; Miss Ethel Warren, vice-grand; Mrs. Miranda Heflin, warden; Miss Jessie Briggs, conductress; Mrs. Dora Vert and Mrs. John Taylor, right and left support to noble grand; Mrs. Elizabeth Bagby, chaplain; Miss Dessa Gault and Miss Hattie Noble, right and left supports to vice-grand; Miss Young, outside guardian; Mrs. Will Bracke, inside guardian.

Mrs. John McDonald entertained a few friends yesterday afternoon with a kensington tea at her home on West Second street.

THIS WOMAN ONLY WEIGHED 90 POUNDS

Takes Tanlac and She Now Weighs 135 Pounds—Condition Was Alarming.

"When my wife began taking Tanlac she only weighed ninety pounds and she now weighs one hundred and thirty-five, giving her an actual gain of forty-five pounds," said Clarence E. Malin, the well known contractor, living at 815 West Fifty-first street, Seattle, Wash., recently.

Mr. Malin's statement, while indeed remarkable, is by no means exceptional, as thousands of well known people all over America have testified that they have used the Master Medicine with the same astonishing and gratifying results.

"Mrs. Malin commenced to fail in strength and go down hill two years ago, just after the birth of our last baby," continued Mr. Malin. "Her appetite was very poor and she would get so weak and dizzy at times that she would have to catch hold of something to keep from falling. The least little thing would bring on one of these dizzy spells. She always suffered this way just after getting up in the morning and was hardly ever free from headaches. I have known her to go five or six nights in succession without getting any sound sleep and I don't see how on earth she ever managed to do her housework, as she would have to either sit down or lay down every little while during the day. As I said before, she only weighed ninety pounds and her condition was getting to be alarming.

"She never seemed to be able to get anything to help her, so I got her to take Tanlac and now she is just like a new person and I have never seen her looking better. Her appetite is just fine, she thoroughly enjoys her food and has not had a sign of dizziness since she began taking Tanlac. She sleeps like a child now, is cheerful and happy all the time and her work is not the least trouble to her.

"Well, I had been suffering a great deal with rheumatism in my arms and shoulders. I could scarcely raise my hands to my head and my right arm especially was so stiff that it took every bit of nerve and will power I had to do any work. So I decided to try Tanlac myself, as it was doing my wife so much good and now I never feel a sign of rheumatism. I can swing my arms and use them without feeling a pain of any kind and I also have picked up five or six pounds since I began taking the medicine. I certainly have every reason for praising Tanlac, for it has been a wonderful thing for both my wife and myself."

Tanlac is sold in Maryville by the Koch Pharmacy and A. M. Colly, Conception Junction. Adv.

Sunday School Workers Entertain Pupils and Parents.

The officers and teachers of the junior department of the First Christian church Sunday school entertained the pupils of the division and their parents with a party last night in the parlors of the church. The time was spent informally, a short program was given and refreshments were served. Short talks were made by G. B. Roseberry, superintendent of the Sunday school, and by Ellis G. Cook. The hosts of the evening were Mrs. Ellis Cook, superintendent; Miss Grace Langan, assistant; Miss Ada Hawkins, secretary; Miss Opal Key, Miss Bernice Westfall, Miss Doris Giforth, Mrs. Nelle Newlon, Mrs. Ola Lyle, Mrs. Frank Greer, Miss Vivian Lyle and Miss Blanche Frazee, teachers in the junior department.

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Progress is recognized after all great events in the world's history, more readily than perhaps during normal conditions. The most progressive nation on the face of the earth is the United States, and her recent demonstration in the World's War has proven beyond all doubt the ability of this country TO DO THINGS. Le us not be outdone by our competitors in bidding for the WORLD'S FOOD SUPPLY. We can and must maintain our position as a nation in production and manufacturing.

A Moline Universal Tractor on YOUR farm will do all the work now done with horses, besides all the power for belt work, and costs nothing to maintain, when not in operation.

The cost of operating a Moline Universal Tractor in all field operations is many times less than the methods requiring horses and additional hired help.

Investigate today and buy your tractor NOW for spring work, that you will be familiar with its various usages when the time comes to farm.

Over the Top in 1918

One year ago Maryville had a very disastrous fire. The next morning the newspapers were full of fire insurance agents telling the public what they were doing in the fire insurance field.

WE GOT IN, TOO.

And to let them know that we were in the running we made a proposition to a combination of them that if we did not write more insurance than any three agencies in Maryville we would donate $10 to the Knights of Columbus.

All they would have had to do was prove up. But did they? No on your life. They just simply said nothing.

With no malice in our hearts, but the kindest feeling for the boys we wish to renew that proposition.

If this is true, what does it signify? That the public is learning to get their insurance from the agents who know how to write it.

For a well written policy is half the battle in case of a loss. A good company is the other half.

In the many losses this agency has had, NOT ONE COMPLAINT ABOUT THE ADJUSTMENT. Why is this? BECAUSE WE WRITE THE POLICY RIGHT to begin with, and do most of our own adjusting.

Remember that we do all kinds of insurance representing eight of the biggest companies.

We write Fire, Lightning, Windstorm, Cyclone and Tornado Insurance either on town or farm property.

We write death from any cause on live stock.

We write short term grain policies.

We write automobile insurance against fire and theft.

We write mercantile property.

We write farm property, either on the cash or installment plan.

If you want a good policy, consult this agency.

DAILY HEALTH TALKS

What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is costive. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

Neil Somerville went to Hopkins this afternoon to look after some business interests there.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

Suggestions to Communities Planning Memorials Is Reprinted From The American City.

With Mayor Garrett having initiated action regarding the proposed memorial for Nodaway county soldiers and sailors by asking the formation of a central committee to take up and devise plans for its erection, and with the people having expressed themselves in favor of a community building, or as it has been termed by some, a "Y hut," the Democrat-Forum reprints from The American City the following "Suggestions to Communities Planning Memorials to Heroes of the Great War"

"More than any other war of history, this one has been fought for a principle—for liberty and the safety of democracy. Principles may be depicted in stone or pictured on canvass but such representations, however beautiful or symbolical, will not have life. A principle can live only in the lives of men, and if it is our purpose to perpetuate the cause for which the great war was fought, we must constantly reiterate and teach the principles of liberty and democracy to each succeeding generation.

"This suggests that a memorial worthy of the recent conflict be dynamic; it must be a building that shall honor the dead by immortaliing the principles for which they made the supreme sacrifice; it must be a building commemorating the service of the living by giving service, rather than a statue or s[illegible] in which there could not pulse the blood of a new day."

Object of the Building.

The building would serve two main purposes: (1) as a memorial to the heroic dead, and to all from the local community who joined the colors during the war. (2) as a community center to afford headquarters and a meeting place for such community agencies as: Chamber of Commerce, Red Cross, War Veteran's Association, Patriotic and Defense societies, Playground and Recreation associations; Fraternal organizations; Farm Bureau, County Grange, oRtary Club, Civic organizations, Women's clubs, Boy Scouts, Boys' and Girls' clubs, literary societies, Musical societies, Study clubs.

Design.

The building should be architecturally beautiful, featuring the best building material of the locality, the style to be impressive, but not over ornate. The size and cost of the building, the equipment which it will contain and the service which it will perform, will depend on local needs and on local spirit. In every community some of the following facilities and equipment should be embraced in the plan:

"Offices and committee rooms

M.H.S.-BENTON GAME TONIGHT

Will Play on Normal Court—Bearcats Scheduled for Game Next Tuesday With the Unbeaten Jewells.

With the M. H. S. basketball team scheduled for a game here tonight with the Benton Highs of St. Joseph, Coach Zeigler's men are expecting their hardest game of the season—but they're ready. The game will be played on the Normal court and will be called at eight o'clock. The line up will include De Armond and Cook, forwards; French center; Foreman and Kirby, guards.

Next Tuesday night the Normal Bearcats are also scheduled for a stiff game on the local courts when the William Jewell five, undefeated this season, will undertake to keep their slate clean. The Jewells have a game at home tonight with the Springfield five and the fans are awaiting the outcome with much interest.

32ND IN EDUCATION

MISSOURI'S RURAL SCHOOLS ARE NEAR BOTTOM OF LIST

PUPILS ARE FAR BEHIND

Prof. Elliff, of State University, in an Address at Farmer's Week Meeting Shows Remedy for Situation

The country school is our biggest problem, said Professor J. D. Elliff, Director of Vocational Education in an address before the Missouri Country Life Conference section of the Farmers' Week Short Course at Columbia Missouri, last week. He presented data from the Missouri Rural School Survey, made by the State Department of Public Instruction and the State Teachers' Association, showing that, although the country schools of Missouri train approximately half the boys and girls of the state, they do not fit them for country life, they do not deal with country problems, they face the child away from the farm, they have been neglected, and they have made little progress.

According to the facts shown by this survey as presented by Professor Elliff, Missouri ranks among the states of the Union as follows:

Seventh in wealth;
Fifth in agriculture;
Second in mules;
Third in hogs and corn;
First in poultry;
First in purebred stock;
First in lead and zinc;
But **Thirty-second in Education.**

The following facts were presented: In amounts of school property per child in the state, Missouri ranks 25th. In amount spent per capita she ranks 30th. In amount spent per child 30th. In amount spent per child wealth 27th. In salaries paid to teachers 23rd. In salaries paid to county superintendents 43rd. In days of school per year 29th. In number of pupils in high schools 30th.

Mr. Elliff presented figures from the Missouri school survey which show that the county schools have an annual expenditure of $5,000,000, while the annual expenditure in the city schools is $15,000,000 for practically the same number of children. The average annual expenditure per child in the country is $13; in the city it is $40.

As a result of these conditions it is shown by the survey that the country pupil is behind the city pupil; in reading 1 to 2 years; in writing 3 to 4 years; and only one-third as many finish the eighth grade in the country as in the city.

As a way out of the bad situation in which the country schools are shown to be by the Missouri survey, Mr. Elliff advocated a larger unit than the present country district for the administration of rural education, a county board of education composed of five or seven leading citizens of the county, and the removal of the constitutional limitations which prohibit the people of the country from spending as much money on the education of their children as the people in the cities are permitted to spend on their children, provided the people in the country desire to do so.

A NEW COURT HOUSE

JUDGE DAWSON DECLARES PRESENT BUILDING OUT OF DATE.

IS BADLY OUT OF REPAIR

Richest County in the State Ought to Afford Modern Building and Jail Is Opinion of Jurist.

A jury in a criminal case in circuit court this morning had been given a recess for an hour and court had adjourned until eleven o'clock. Judge John M. Dawson stood in the center of the court room, his hands clasped behind his back, his gaze wandering from one side ow the room to the other and from floor to ceiling. "Nodaway county needs a new court house mighty bad," he declared as several gathered around inquiringly.

"This old building is getting badly out of date," continued Judge Dawson as he surveyed the court room with its old fashioned benches and inadequate lighting and ventilating facilities. "This is the richest county in the state and we ought to have a new court house—we ought to spend $150,000 for a modern building."

About $200,000, I should say," said Richard Kuchs, " we ought to have a good one."

"This was a fine building and served our needs well when it was built thirty or forty years ago," said Judge Dawson "but it is not adequate now and besides it is getting badly out of repair. I would like to see a modern building and jail combined. The old jail is about ready to fall down."

Modern facilities are sadly lacking in the present building, especially so in the circuit court room and second floor offices. Poor accustic properties of the court room make the hearing of witnesses and speakers doubly hard while poor lighting and ventilating arrangement are also drawbacks.

MAY USE THE DRAFT BOARDS

Discharge of Returned Troops Thru Agency to Be Reconsidered.

New York, Jan. 31.—A plan to demobilize soldiers returned from France through local draft boards instead of discharging them direct from camps, is being considered by the War department, according to Police Commissioner Enright, who has made public details of interviews which he had last Monday at Washington with Secretary of War Baker and Provost Marshal General Crowder.

FOR 37 HOGS, $30,266

Poland China Sows Brought Average of $818, a World's Record.

The world's record price for purebred Poland China hogs was broken yesterday at the stock yards when L. H. Glover, Grandview, Mo., sold thirty-seven sows for an average of $818, totaling $30,266. The price was $7 higher than the former record, established last week when William E. Grain of Algona, Ia., sold forty-two head.

One of the hogs, christened Mary Pickford, was sold to Sol Leonard of St. Joseph, Mo., for $1,950. Another, called Anita Stewart was sold to Harry Blackburn of Henry, Ill., for $1,000.

SEND OUT ALLOTMENT CHECKS

Payments to Soldier Dependents For November and December Completed.

Washington, Ja. 31.—All allotment and allowance checks due in January, covering December and completing November allotments, had been mailed today by the war risk insurance bureau, it was announced by Director Lindsley.

In January 2 million checks for a total of $52,190,000 were distributed. More than forty thousand applications for soldiers' or sailors' insurance aggregating 356 million dollars were received by the bureau in January.

Trades for Kansas Farm.

J. J. Heifner of Maryville, has traded his Nodaway county farm to Anton Cibolki of Kanass City, for a 320-acre farm in Kansas and a monetary consideration of $2,400. Mr. Heifner says, if possible, he is going to plant the half section to wheat. The deal was made through the Hugh Strong Real Estate agency.

DRAINAGE PLANS UNDER WAY

Barnard District Land Owners Have Agreed to Form Company to Promote the Project.

The drainage plans that were talked about so much three years ago during the high waters, have finally come to a head, says the Barnard Bulletin, and will be submitted to the circuit court in Savannah probably next month. More than enough of the land owners have agreed to form a company for promoting the ditch and it is thought that organization will be made shortly after the case has been in court.

Such a ditch, which will probably start just west of Barnard and go south nearly to Rosendale will be a great thing for the bottom lands which are not regularly productive, especially during wet seasons.

A preliminary survey of the district through which the ditch will probably run has been made and blue prints are expected to be ready within a short time.

ASK RAILROADS FEDERALIZED

Representative of Security Holders Urges Plan Before Senate Interstate Commerce Committee.

Washington, Jan. 31.—Complete federalization of railroads with profit sharing plans for all employees, the limitation of earnings and adoption of many of the features that have been developed during the time the railroads have been operated by the government during the war, was advocated today by S. Davis Warfield of Baltimore, before the senate committee on interstate commerce.

Mr. Warfield appeared before the committee as president of the national association of owners of railroad securities which he said represents nearly six billion dollars of the seventeen billion dollars of railroad securities and through the investment of insurance money in railroad securities, a total of some thirty thousand persons.

HOME WILL LOOK GOOD

Elmer Dick Writes He Does Not Know When He Will Be Returned to U. S.

In a letter to home folks written Jan 4 from France, Elmer Dick, with the A. E. F., says: This is the beginning of a new year and I hope I do not have to pass another new year's in this country for it is sure some place to rain. I haven't seen a day I believe in three months that it did not rain. It is not very cold, but I had rather have it colder than so much wet. It has been quite a while since I had any letters but will keep writing and maybe they will all come at once. I guess the boys in the States are all back from the camps by now, but I cannot tell when we will be back. Tell dad I used to think I had a hard time at home but I have learned through my own experience that there is no place like home and that I will know how to appreciate it when I get back."

WOULD LOWER LEVY

TAX ASSESSMENTS WOULD DROP IF BILL IN HOUSE PASSES

THE EFFECT WIDESPREAD

Limits Budgets to "Safe and Economical Administration."—Other Bills Before the Legislature.

Jefferson City, Jan. 31.—Measures to reduce state, county, municipal and school tax levies of the state were introduced in the house. The state tax commission prepared the bills, and their purpose, according to Cornelius Roach, chairman of the commission, is to make it possible for the state board of equalization to approve the full assessment of property with the assurance that the state, counties, municipalities and school districts will not obtain more money than is required for a sane and economical administration of their affairs.

The senate today adopted a joint resolution asking congress to pass a law allowing soldiers discharged from overseas service to retain their uniforms and granting privates additional pay for six months at the time of their discharge.

A memorial introduced by Senator McCullough, Knox county, asking Missouri congressmen to support the bill now under consideration appropriating federal funds to aid states in building good roads, was adopted in the senate. Missouri's allotment under the bill would be $7,000,000, Senator McCullough said, which, added to roads funds available under the old road law, would give the state $9,000,000 from the federal government in the next thirty months.

A bill introduced by Senator Bowler of Vernon county would prevent the freezing out of minority stockholders in corporations by majority stockholders, according to Judge Farrington of the Springfield court of appeals, who drew the measure.

Under its provisions the following violations would become misdemeanors, punishable by a minimum penalty of six months in jail and forfeiture of eligibility to further activity as corporation officials; refusal to declare dividends on stock; purchase of stock for less than book value; voting to retain the earnings of profits of the corporation.

In a resolution introduced by Representative Morgan of Putnam county and adopted unanimously, Missouri congressmen were urged to support the proposed federal appropriation of $50,000,000 to be apportioned to the states for good roads work.

FIRE AT NAVY AIR STATION.

Jesse Hawk of Ravenwood Returns After Eight Months Service Abroad—Arm Injured by Shell.

Jesse Hawk, the son of George Hawk of Ravenwood, arrived at his home this morning after an eight months service with the American forces overseas. Young Hawk was severely wounded during the fighting in October in France. The shot injured his right arm very badly but this wound is now well and he has been discharged from service. He was a member of the 89th division and went over seas early last summer.

ROY DAVID HEARD FROM

Sister Received Word Today From Brother Unheard of Since Oct. 12.

Mrs. S. T. Gile received a letter today from her brother, Sergeant Roy David with the American army in France, which was the first message the relatives in the States had received since October 12, last.

Sergeant David writes that he is well and everything is O. K. When last heard from in October, he was in a hospital in England recovering from wounds received in action. This letter received today was written in France December 22. A brother of Sergeant David, Ray, was killed in battle in France September 27.

The Red Cross had been solicited to hunt up Sergeant David as the relatives were very uneasy over not hearing. Letters written by the young man had evidently failed to reach the home folks.

HAWK PLEAD GUILTY

TRIAL STOPS WHEN DEFENDANT CHANGED PLEA

PAID FINE AND COSTS

Grand Jury Still in Session, But Expected to Adjourn This Evening. Other Court Cases.

Henry Hawk pleaded guilty to the charge of petit larceny in circuit court this afternoon and was given a fine of $100. Hawk was charged with stealing some harness from the Caldwells at Burlington Junction in October, 1916. The county authorities secured trace of the harness in St. Joseph and information against Hawk was issued last March.

The jury had been selected to try this case when on recommendation of the prosecuting witness with consent of the prosecuting attorney, Hawk was permitted to plead guilty to petit larcency.

Hawk paid the fine and costs in the case which amounted to $207.

The petit jury was excused until Monday as no cases are for trial tomorrow as the Hawk case had been expected to take the greater part of that day.

The grand jury was still in session today but it was thought that it would adjourn late this evening. The jurors will visit the county jail before adjourning.

A hung jury resulted in the trial of Frank Middleton, charged with violation of the local option laws. Middleton was indicted by the grand jury, Rex Colwell of Burlington Junction being the prosecuting witness.

Wm. Jacob Wagner, a farmer living near Wilcox, indicted by the grand jury, charged with incest, appeared before the court this morning and pleaded not guilty. Wagner declared he was without funds to employ an attorney in his own behalf and Judge Dawson appointed Ellis Cook and Wm. G. Sawyers as his counsel. Trial of the case will be held next week.

"In small towns and villages where there is no adequate town hall it may prove desirable that the building should include headquarters for the local government, and perhaps in some cases, for the local fire department.

Use of the Building.

"The building should be open to the whole community. It should be dedicated to community fellowship and unity, so greatly advanced by this war. Every non-sectarian and non-partisan movement to promote community progress, welfare and happiness should find sanctuary within its doors.

"The meeting of the various organizations mentioned above, lyceum courses, night schools, motion picture entertainments, musicales, debates, etc should keep the building constantly in use.

Raising the Money.

"The entire cost of the building and equipment should be raised by popular subscription in a campaign conducted along the lines of a Red Cross or United War Work drive. To exact the funds by taxation would rob the building of its true nature as a thank offering. In some cities a public spirited citizen can be found who will donate a suitable site for the building. The building should be erected without encumbrances on either building or site. Liberty Bonds should be accepted at par from all who wish to make payments in that form. In some cases it will be possible to secure large gifts from relatives of men who have given their lives in the war. Such a gift could, if desired, be used to provide a gymnasium, or a library, or some other special feature for which funds would not be available, and which might bear the name of the donor.

"Lodges, or societies which are to have rooms in the building might be invited to provide the furnishings for such rooms at their own expense."

(The remainder of the article which includes maintenance, title and control, the campaign, and other details, will appear in tomorrow's Democrat-Forum.)

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

FRANCE'S SONS WIN UNDYING GLORY

No other nation has spilled its blood more freely that democracy might live than has France. Her sons have sacrificed more of blood and of treasure than those of any other nation. The world owes France a debt of gratitude not only for this, but for a perfect remedy for stomach, liver and intestinal disorders which, it is said, has saved thousands of lives the world over. The ingredients are imported and placed on sale in America under the name of Mayr's Wonderful Remedy by Geo. H. Mayr, for years a leading Chicago chemist. It is a simple, harmless preparation that removes the catarrhal muceous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Maryville Drug Co., and druggists everywhere.—Adv.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

THE ECONOMY BAKING POWDER CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the *most* economical leavening agent. It saves in *more* ways—and makes *more important* savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of *other* articles. Costs but little more than cheap powders—far more *valuable* in quality.

You save when you use it. Possesses *twice* the ordinary raising force—you use only *half* as much as is ordinarily required.

You save materials it is used with. Calumet *never* fails with any kind of recipe or with any kind of flour—*always* produces perfectly raised, delicious bakings.

You'll notice a great difference when you use Calumet. It produces light, sweet, wholesome, flaky bakings. You'll notice with some of the cheaper brands the bakings are soggy, heavy, dark in color and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plant.

Best by test. A trial *proves* it.

Now for the Ground Hog.

Next Sunday, February 2, is ground hog day, and according to the old timers this pesky animal will prognosticate the brand of weather we are to have for the next six weeks. If Brer Groundhog sees his shadow — good night! Forty-two days more of winter. If the sun remains hidden, the ground hog will come from his den and start the spring off in high gear.

That's the way it has been told — but like other signs, it has had its day. —Burlington Junction Post.

PHONES—OFFICE 42. HOME 683

St. Mary's to Have Social.

The young ladies of St. Mary's Catholic church will give a social Tuesday night at 8:30 o'clock in the church parlors. There will be games and refreshments and every one is invited.

Ballenger-Miller.

The marriage of Miss Mae Ballinger, the daughter of Mr. and Mrs. S. P. Ballenger of Burlington Junction, and Mr. Fred Boyer Miller took place Thursday afternoon, Jan. 23, at the home of the Rev. C. Emerson Miller, pastor of the First Christian church in this city who performed the ceremony. The groom is the son of Mr. and Mrs. Wes Miller living south of Burlington Junction and has recently been discharged from military duty at Camp Jackson S. C. The newly weds will be at home on a farm near Burlington Junction.

Cravens Given Surprise Party.

Mr. and Mrs. Robinson Craven were given a pleasant surprise party last night by a number of their old friends who spent the evening at the Craven home. The time was spent in playing forty-two and refreshments which the guests had brought with them, were served. Mrs. Craven has been shut in the house a great deal of the time this winter nursing a bad case of blood poisoning in her hand and the evening was especially for her pleasure. The company included Mr. and Mrs. O. L. Holmes Mr. and Mrs. James Eckles, Mr. and Mrs. J. F. Cook, Mr. and Mrs. O. W. Swinford, Mr. and Mrs. R. A. Strawbridge, Mr. and Mrs. R. H. Duncan, and Mrs. Anna Stauble.

New Officers Assume Positions.

The Rebekah lodge held its installation of officers last night and the ceremony was followed by a social period and luncheon. The newly chosen officers who assumed their duties last night are Miss Nellie Trullinger, noble grand; Miss Ethel Warren, vice-grand; Mrs. Miranda Heflin, warden; Miss Jessie Briggs, conductress; Mrs. Dora Vert and Mrs. John Taylor, right and left support to noble grand; Mrs. Elizabeth Bagby, chaplain; Miss Dessa Gault and Miss Hattie Noble, right and left supports to vice-grand; Miss Young, outside guardian; Mrs. Will Bracke, inside guardian.

Mrs. John McDonald entertained a few friends yesterday afternoon with a kensington tea at her home on West Second street.

THIS WOMAN ONLY WEIGHED 90 POUNDS

Takes Tanlac and She Now Weighs 135 Pounds—Condition Was Alarming.

"When my wife began taking Tanlac she only weighed ninety pounds and she now weighs one hundred and thirty-five, giving her an actual gain of forty-five pounds," said Clarence E. Malin, the well known contractor, living at 815 West Fifty-first street, Seattle, Wash., recently.

Mr. Malin's statement, while indeed remarkable, is by no means exceptional, as thousands of well known people all over America have testified that they have used the Master Medicine with the same astonishing and gratifying results.

"Mrs. Malin commenced to fail in strength and go down hill two years ago, just after the birth of our last baby," continued Mr. Malin. "Her appetite was very poor and she would get so weak and dizzy at times that she would have to catch hold of something to keep from falling. The least little thing would bring on one of these dizzy spells. She always suffered this way just after getting up in the morning and was hardly ever free from headaches. I have known her to go five or six nights in succession without getting any sound sleep and I don't see how on earth she ever managed to do her housework, as she would have to either sit down or lay down every little while during the day. As I said before, she only weighed ninety pounds and her condition was getting to be alarming.

"She never seemed to be able to get anything to help her, so I got her to take Tanlac and now she is just like a new person and I have never seen her looking better. Her appetite is just fine, she thoroughly enjoys her food and has not had a sign of dizziness since she began taking Tanlac. She sleeps like a child now, is cheerful and happy all the time and her work is not the least trouble to her.

"Well, I had been suffering a great deal with rheumatism in my arms and shoulders. I could scarcely raise my hands to my head and my right arm especially was so stiff that it took every bit of nerve and will power I had to do any work. So I decided to try Tanlac myself, as it was doing my wife so much good and now I never feel a sign of rheumatism. I can swing my arms and use them without feeling a pain of any kind and I also have picked up five or six pounds since I began taking the medicine. I certainly have every reason for praising Tanlac, for it has been a wonderful thing for both my wife and myself."

Tanlac is sold in Maryville by the Koch Pharmacy and A. M. Colly, Conception Junction. Adv.

Sunday School Workers Entertain Pupils and Parents.

The officers and teachers of the junior department of the First Christian church Sunday school entertained the pupils of the division and their parents with a party last night in the parlors of the church. The time was spent informally, a short program was given and refreshments were served. Short talks were made by G. B. Roseberry, superintendent of the Sunday school, and by Ellis G. Cook. The hosts of the evening were Mrs. Ellis Cook, superintendent; Miss Grace Langan, assistant; Miss Ada Hawkins, secretary; Miss Opal Key, Miss Bernice Westfall, Miss Doris Giforth, Mrs. Nelle Newlon, Mrs. Ola Lyle, Mrs. Frank Greer, Miss Vivian Lyle and Miss Blanche Frazee, teachers in the junior department.

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Progress is recognized after all great events in the world's history, more readily than perhaps during normal conditions. The most progressive nation on the face of the earth is the United States, and her recent demonstration in the World's War has proven beyond all doubt the ability of this country TO DO THINGS. Le us not be outdone by our competitors in bidding for the WORLD'S FOOD SUPPLY. We can and must maintain our position as a nation in production and manufacturing.

A Moline Universal Tractor on YOUR farm will do all the work now done with horses, besides all the power for belt work, and costs nothing to maintain, when not in operation.

The cost of operating a Moline Universal Tractor in all field operations is many times less than the methods requiring horses and additional hired help.

Investigate today and buy your tractor NOW for spring work, that you will be familiar with its various usages when the time comes to farm.

Over the Top in 1918

One year ago Maryville had a very disastrous fire. The next morning the newspapers were full of fire insurance agents telling the public what they were doing in the fire insurance field.

WE GOT IN, TOO.

And to let them know that we were in the running we made a proposition to a combination of them that if we did not write more insurance than any three agencies in Maryville we would donate $10 to the Knights of Columbus.

All they would have had to do was prove up. But did they? No on your life. They just simply said nothing.

With no malice in our hearts, but the kindest feeling for the boys we wish to renew that proposition.

If this is true, what does it signify? That the public is learning to get their insurance from the agents who know how to write it.

For a well written policy is half the battle in case of a loss. A good company is the other half.

In the many losses this agency has had, NOT ONE COMPLAINT ABOUT THE ADJUSTMENT. Why is this? BECAUSE WE WRITE THE POLICY RIGHT to begin with, and do most of our own adjusting.

Remember that we do all kinds of insurance representing eight of the biggest companies.

We write Fire, Lightning, Windstorm, Cyclone and Tornado Insurance either on town or farm property.

We write death from any cause on live stock.

We write short term grain policies.

We write automobile insurance against fire and theft.

We write mercantile property.

We write farm property, either on the cash or installment plan.

If you want a good policy, consult this agency.

DAILY HEALTH TALKS

What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is costive. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

Neil Somerville went to Hopkins this afternoon to look after some business interests there.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.
